

INTEGRATED HEALTH CARE

FOR INDIVIDUALS DIAGNOSED
WITH SEVERE MENTAL ILLNESS

FRIDAY, NOV. 30, 2018

9 a.m.-12 p.m.

PROGRAM

(8:30-8:55 a.m. Coffee & Registration)

UNC SCHOOL OF SOCIAL WORK
Auditorium | 325 Pittsboro St., Chapel Hill

Interprofessional providers and peer support specialists will present models of integrated health care that improve health outcomes for individuals diagnosed with a severe mental illness while also considering the social determinants of health. The workshop will focus on successful models of care that decrease health disparities and increase service utilization.

The workshop is sponsored by UNC-PrimeCare, a HRSA-funded project at the UNC School of Social Work in collaboration with the UNC School of Nursing. Academic and community partners include: *Behavioral Health Springboard and the NC Certified Peer Support Specialist Program, UNC WakeBrook Primary Care, UNC Center for Excellence in Community Health, UNC Family Medicine Center, The Farm at Penny Lane.*

Attendance is free and CEs offered. Registration is required:
