

# UNC Institute on Implementation Science

## 2020 Fall Virtual Series

### **The Role of Context in Implementation of Evidence-Informed Programs and Practices - November 17, 10:30 a.m. - 12:00 p.m. ET**

Speakers will:

- Provide a live demonstration of Scotland's digital resource, *Early Intervention Framework for Children and Young People's Mental Health and Mental Wellbeing*, designed to support service providers in making fully informed decisions about interventions that are implementable and sustainable for their specific context
- Discuss integration of racial equity considerations into an assessment of contextual fit and feasibility, *The Hexagon Tool and Discussion Guide*, developed by the National Implementation Research Network

### **The Critical Role of Relationships in Implementation Practice and Evidence Use and New International Practice Guide to Supporting Implementation - December 4, 10:00 a.m. - 12:00 p.m. ET**

Speakers will:

- Discuss new research findings on the role of trusting relationships in supporting evidence use and identify areas for future research in implementation practice
- Introduce a new international practice guide for supporting implementation developed through a collaboration with the European Implementation Collaborative, Centre for Effective Services and National Implementation Research Network
